## New additions to team Edge

Edge recruitment's continual strategy of growth sees two new staff members join the team.

### **Kelly Armstrong** - Recruitment Consultant – Permanent

Kelly recently joined the permanent recruitment team after spending over 6 years in the property industry and in 2009 successfully completed her Degree in Human Resource Management. Kelly's experience in property valuation and managing a valuations team has given her a keen eye for detail and notable communication and negotiation know-how.

Utilising her property knowledge, her degree and her previous experience in managing people, Kelly is able to provide support, knowledge and identify our clients' recruitment needs.

Having joined Edge recruitment in 2009 as Marketing Co-ordinator, Joanna made a flying start, organising the highly successful 'Fabulous Women in Property' lunch – the biggest event in Adelaide for women in property. Joanna's energy and passion to make things happen are demonstrated in Edge Recruitment's new e-newsletter and the launch and implementation of our new sales message and guarantee.
