## What our clients have to say about us .....

"Our Senior Property Manager resigned as we were in the throws of moving premises and changing business name. We were very reliant on her coming with us to make the change as easy and painless as possible for us and also for our landlords. I was very worried about how this would impact on our new venture and concerned by the fact that I haven't a great track record for finding suitable staff. I had met Jane a few weeks earlier at a lunch and decided to give her a call, she was very helpful and thorough in finding out what sort of person we were looking for. She supplied us with a great temp who is now our new Senior Property Manager! Jane always returned calls promptly, followed up when she said she was going to and gave us great advice along the way. Hiring good people is such a hit and miss affair, time consuming and costly, in future when we need new staff I will definitely be using Jane's services and would recommend her to anyone."

"The best thing about dealing with Edge Recruitment is the ease of use of their services. The quality of applicants they present is excellent and this in turn saves our time in having to sort through and background check unsuitable applicants ourselves."
